Class Three shine in dance competition

Class Three had an excellent morning on Wednesday, taking part in a local schools dance competition. The children were put through their paces by Sophie, a dance coach from Motion Dance. After a series of warm up activities and some team work games, they were set the challenge of coming up with a group dance to show off all that they had learnt.

Marks were given for the standard of performance, movement and working in unison. After a tiring three hours, the competition was tight but the group including Charlie, Toby, Kerr, Abi and Mya were judged as 5 out of 5 in each category and were declared winners.

Sophie will compare our winners with the performances from other schools and we will soon hear the outcome. Covid rules allowing, there may be a dance off in the near future. Well Done Class Three.

Double Points Week

It has been great to see everyone working hard to earn themselves team points through hard work, super attitudes and thoughtful behaviour around school. To celebrate these efforts next week will be a **DOUBLE POINTS** week. What ever points you earn will be doubled and added to your total. We should see a few more planet awards given out next week!

Food Bank Friday Returns

Before the last lockdown we had started helping Morecambe Bay Foodbank. Next Friday will be our next Foodbank Friday if you would like to donate to this great cause.

PTA - Have you joined the lottery?

The PTA have launched a lottery to raise funds and give players the chance to win prizes. Tickets are £1. Visit yourschoollottery.co.uk to sign up, help school and be in with a chance of a win. This month there is a chance to win a £500 bike voucher.

Preparing Ourselves for the Future

Class Four have started work on the Raising Aspirations project. These weekly sessions help children to build resilience and increase their confidence. The skills empower them to engage with lessons, develop self-belief, develop employability skills, increase self-awareness, raise their aspirations and open up the world of work.

After half term, Class Three will be taking part in Virgin Money's Make £5 Grow initiative. Each child has been given a £5 loan. Working in groups they will come up with a business or money making idea which they will invest their money in. Over a couple of week's, they will develop their business and try to turn their investment into a profit. At the end, we pay back the loan and the children get to spend their profit on a reward for their class. We look forward to watching our Jr Apprentices at work.

New statutory curriculum of Relationship Education and Health Education

You may well have seen in the national and local press that certain elements of Personal Social Health Education (PSHE) are about to become compulsory. These are the areas of Relationship Education and Health Education. As a school we must have implemented these curriculum changes by September 2021. We know that certain topics within these curriculum areas may potentially cause concern for parents. We also know that elements of this curriculum are already being misrepresented in the media and so we wanted to give you, our parent body, the correct information about the changes that are coming and the chance to view, not only the new legislation, but also are new PSHE and RSE policy.

In order to teach this exciting new element to our curriculum as well as possible, we have subscribed to an award-winning resource called 1decision. 1decision is part of Headway Education and has been kitemarked by the PSHE association – the effective governing body for the subject in the UK – as being a quality assured product.

The 1decision resources have been developed over the past seven years and each module has been created by PSHE and Safeguarding experts together with schools, and most importantly children, and provide resources to schools in 39 counties. Examples of these resources can be found on the website: www.1decision.co.uk

If you would like to know more about what your child will be learning you can find it by following this link:

Teaching Expectations for Health Education from page 31

We are opening this policy up to a consultation period of two weeks starting on Friday 16th April and ending on Friday 30th April. Please read the Powerpoint on the Headteacher's blog which explains the changes along with the Policy and other documents.
