Monday 17: End of year reports sent to parents

Tuesday 18: Leaver's Pizza and Rounders (4pm)

Wednesday 19: Leavers Assembly (2pm) and End of School Year.

Open Gardens Visits

We had a fun morning on Thursday visiting the Open Gardens around Warton. Class 2 worked with the gardeners to create some amazing scarecrows a few weeks ago and we really enjoyed seeing them in place.

Year 2 Geography

Year Two have been working hard to learn the names of the seven continents and five oceans. Using big maps, atlases and songs they have learnt the names, the shapes and their place on planet Earth.

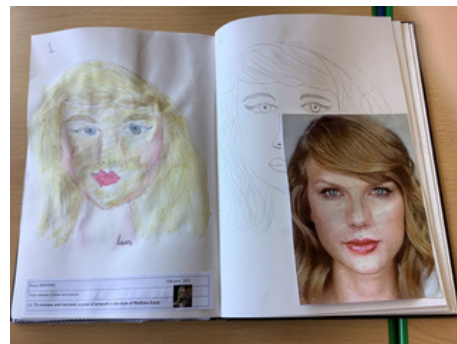

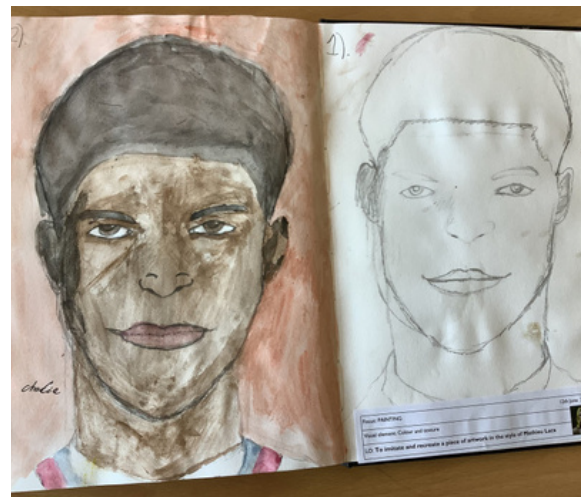

Recent Sporting Fun

Archbishop Hutton's continue to take part in local sports competitions. This week KS children traveled to Lancaster to compete in the school's cricket competition and swimming gala. The swimming gala was very competitive and we made it to several finals - even winning a couple of medals. Well done to everyone!

Perfect Portraits

Over the last few weeks, Class 4 have been studying and exploring the art of Mathieu Laca, a Canadian artist, who uses colour and texture to paint people who inspire him. Whether this has been a scientist, artist or musician. He also ensures that his work represents their inspiration as well as their darker side. The children have work exceptionally hard to produce their own portraits of people who inspire us, such as Rita Ora, Taylor Swift, Ed Sheeran, Marcus Rashford or Bob Ross.

Class 4 have started their study of India and Nepal in their Geography lessons. As part of their learning, they have researched the famous landmarks of Nepal. Using this knowledge they have produced these fabulous graphic maps.

Amazing Maps
