Writing: Baylee Jackson

Maths: Madeleine Spencer

Learner: Finley Robinson

CLASS 4

Writing: Isla Bellinger Smith

Maths: Abi Hodkin

Learner: Reuben Dawson

Team Points this Week

Crag : 1116

Hutton : 993

Senset : 1106

Washington : 1028

Library Open for Business

This week we finally re-opened our library for the children to take out books this week. Following Covid, the library stock had become dis-organised and the computer system needed updating. Mr McGurk has trained several children to become librarians and they will be available three mornings a week for the children to change books.

Books donation update

Mr Pugh's neighbour has sent an update about the books we sent to a school in Namiba. All the books we sent over have been organised and they now have a working library to help teach the children to read. The school leaders really appreciate our donation and sent us a massive thank you.

Yoga mindfulness sessions

We were visited by the Yogi Group on Thursday and every class took part in a session of stretching and mindfulness. It was a great way to start the new year.

PE skills with Morecambe FC

Following on from last term's rugby training, this term we have been joined by coaches from Morecambe FC. Each class will get two weeks of training based around different sports. This week, Class 2 have been working on improving their throwing, catching and hitting skills.
