

Meet Our SUPERSTARS

Learner of the week:

Thinking carefully and checking my work

CLASS 1

Writing: Maddison Wilson
Maths: Daisy Reid
Learner: Abigail Smith

CLASS 2

Writing: Rowan Taylor
Maths: Millie McGrotty
Learner: Lily Smethurst

CLASS 3

Writing: Leon Hughes
Maths: Annalise Bagguley
Learner: Oliver Robinson

CLASS 4

Writing: Isaac Parnell
Maths: Duncan Stallard
Learner: Percy Langman

Young Engineers Competition Success

Two weeks ago we held a very successful STEM learning day. The children worked together to create amazing dumper trucks and towers. Last week, eight of the children from Class 2 and 3 took our work to the Young Engineer's day to compete against several local schools. The children all did exceptionally well and we won three prizes for best design, best theme and best communicator! What a great example of team work and an excellent use of design, Maths, Science, team work and communication all being used to solve a real life problem. Real skills for life.

Important Dates

May

- Tuesday 21:** Tennis sessions - EYFS and Year Five
- Wednesday 22:** Cricket coaching - whole school
- Thursday 23:** Around the World - Sponsored Run
- Friday 24:** INSET DAY (Half term begins)

June

- Monday 3:** INSET DAY

- Friday 19:** Leaver's Service and end of term

Team Points this Week

Senset : 1044

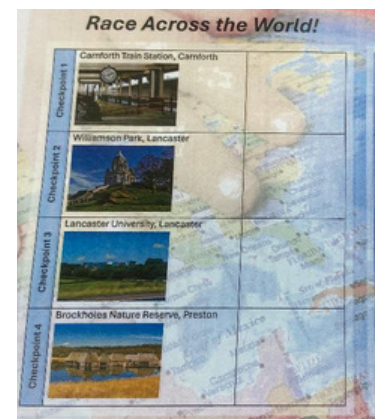

Hutton : 1097

Washington : 1035

Crag: 1034

Geography Day and Sponsored Run

On Thursday 23rd May, we will be celebrating the end of term and our Geography work by holding a special event in school. **In the morning**, the children will take part in a sponsored **Race Across the World** - running around the school grounds. As they run (or walk) they will collect stamps in a passport and have fun answering questions about the country they have been studying. We will be raising money for some new ipads and you should have received your sponsor forms.

In the Afternoon, you are invited to join your child in class to learn more about their Geography learning. You will be given a passport full of questions so you can visit each class and quiz the children on what they have learnt. We hope you will be able to join us on the day.

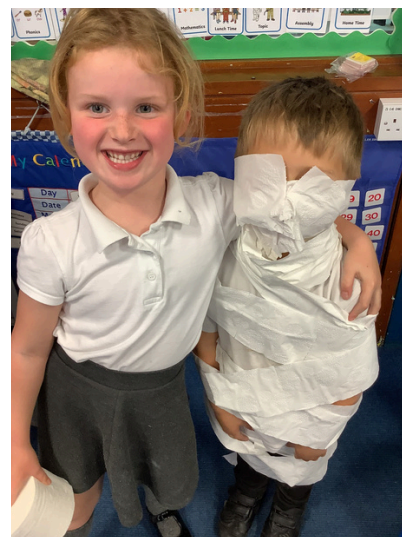

Year Six Forest Skills SATs Reward

Year Six have worked really hard all week on their SAT tests. They have all given it 100% and really deserved a reward. So, we sent them to Leighton Hall for a day of Forest Survival skills. They have been making dens, relaxing in hammocks and lighting fires. A well deserved reward for some hard work!

Class One - Paddington's Travels

Class One have been following Paddington on his trip around the world. They have been to Scotland, Italy, France and Egypt. They have made pizzas, learnt about camels and mummies, made Venetian masks and discovered all about the culture of these different countries.

Class Two - Weaving Experts

Class Two have been learning all about Scotland this term. As part of their art work, they have been learning about how tartan cloth is made and what it is used for. They have also been practicing their weaving skills, ahead of creating their own tartans next week.
