Come Dine with Class Four

Class Four have been working in teams to plan and produce Come Dine With Me meals as part of their DT this half term. Three groups made starters, another three mains and another three made deserts. They were very creative and displayed great team work.

Wheelchair Basketball

We were lucky to be visited by Shaun Gash on Thursday for a day of Wheelchair Basketball. This is the third time that Shaun has visited and we always enjoy having fun playing the game and discovering how tricky it is to play the game.

Home Learning CHALLENGE

After Half Term, we will have a special week dedicated to **BLACK HISTORY MONTH**. In **KS1** the children will concentrate on learning about important people who have made a change in society. **KS2** will be learning about the Slave Trade and Lancaster's links to this important part of World history.

We would like the children to produce a piece of work to share on our History Day - Friday 1st November. Parents are invited into school on that afternoon to see the children's home learning work and share in the class learning. Everyone who produces a piece of work will get 30TP and there will also be prizes for each class. **We are really looking forward to seeing your work!**

You could research a famous British person of colour and make a poster about their achievements. Some suggestions of people to research are at the bottom of this sheet. You could add photos or drawings to draw in the reader.

You could research some famous sports stars and make some Top Trumps about them.

There are lots of famous sports stars of colour and you could make them about:

- > Famous Footballers > Female Football Stars >
- > Olympic Athletes > Rugby Players >

You could make a box - just like we made during Science Week. The box could be all about a famous person. It could show a moment from their lives or show them on stage, on the sports field or just be all about them.
