## Helping out at the Roods

Several of our children that helped out at The Roods work morning during half-term and all the adults on the team wanted to say a big thank you to them for giving up their time to help with some gardening tasks.

They did a great job of clearing around the fruit trees, digging out brambles and filling in holes in the football pitch. The area which they cleared has now been planted with wild garlic and bluebells. Class Three will be carrying on some of this work in the next few weeks, planting up the area, ready for spring blooms.
