Washington: 925

## WELL DONE SENSET

### UPCOMING EVENTS

#### November

- Monday 1 : Class 4 swimming lessons
- Wednesday 3: School Photographs
- Friday 5: Bring In Boxes of Hope Shoeboxes
- 5-6: Light Up Lancaster lantern event
- Wednesday 10: Pupil Parliament
- 22-26: Science Week
- Friday 26: Dress like a Scientist Day
- W/C 29: Assessment week

#### December

- Wednesday 1: Class 1 Parents Evening
- Friday 3: Bring a bottle own clothes day
- Monday 6: Class 3 go to Panto
- Tuesday 7: KS1 Nativity (2pm and 6:30pm)
- Thursday 9: Class 1 and 2 go to Panto
- Friday 10: Christmas Fair
- Wednesday 15: Class 4 go to Panto
- Thursday 16: Christmas Dinner and Jumper Day
- Friday 17: Break Up for Christmas

## SUPER LEARNERS

### Writing Superstars

**Class 1:** Lily Parnell

**Class 2:** Baylee Jackson

**Class 3:** Jake Bagguley

**Class 4:** Faith Hamling

### Mega Maths Heroes

**Class 1:** Connor Hamling

**Class 2:** Shane Bradley

**Class 3:** Lealand Halton

**Class 4:** Katie Denney

### Super Readers

**Class 1:** Mia Postlethwaite

**Class 2:** Annalise Bagguley

**Class 3:** Isaac Holmes

**Class 4:** Ava Grimshaw

### Learner of the Week

**Class 1:** Dolly Lloyd

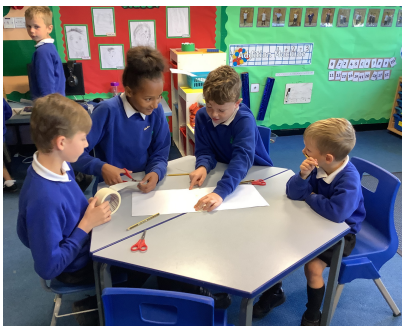

**Class 2:** Oscar Hizzard

**Class 3:** Lily Smith

**Class 4:** Chase Robinson

## This week it was our INVENTION CONVENTION

This week has seen our 2nd Invention Convention in school. The whole school event involves each of our teams working together on design, problem solving and team work activities. Children from Reception to Year 6 have worked together to come up with solutions to problems (eg: How to make the longest paper chain from a sheet of paper - How to make the strongest lollipop stick bridge) and to then design and make a useful object from an old plastic milk bottle. This is a hugely enjoyable event and it is great to see the youngest and the oldest working together.

## School Council News Update

The School Council have been very busy this term with their work on the Surfers Against Sewage campaign. They have surveyed their classmates about rubbish and recycling and have started to put together a plan. This week, they have completed a litter pick around Warton, to assess the worst areas for litter. They will then be writing to the local council about what they find. It is great to see the pupils so interested in making a change in their school and local area.

## Request for wet gear

The weather is changing and that means that all of us need to be dressed for the weather. We are asking for donations of the following:

- Water proofs for Class 1 - all in one or separate waterproof trousers and jackets. Sizes - Age 5 to 6. If you have any that your children have grown out of, please send them in to school.
- Wellies for the same age group so we have a set of spares.
- Any used rucksacks for school trips. Sometimes children come to school with just a carrier bag which is not great for a day out. With a set of rucksacks we could help out those who don't have one of their own.

# SHOE BOX APPEAL

The School Council have decided that we will be working with Boxes of Hope - Cumbria to help with their annual Christmas Shoebox Campaign. What to do has been featured in the last three newsletters and if you want to take part - ask Mr Pugh or Mrs Robinson for the leaflet with more information. Just follow the tips to make a great box for a child.

**SHOEBOXES DUE IN SCHOOL ON FRIDAY 5th NOVEMBER**

## Uniform Reminders

- Please can we remember to tie long hair up. This is important for health and safety reasons but also for hygiene.
- Black shoes only please - by this we mean black flat shoes for girls - no big boots please. If we are wearing trainers please make sure they are as plain as possible.
- During PE we only wear the school team t-shirts please. If you don't have one or can't get one come and see us - we may have some spares.

**Thank you for your help with this**

## Home Learning

You should have seen that your child is now receiving home learning. This is vital work that helps children practice spellings and times tables, Maths skills learnt in class or to complete a task based on our school themes.

Years 1 and 2, children are likely to have one or two tasks per week. This could be literacy or numeracy worksheets, phonics, or a short piece of topic related research or writing.

In Years 3 and 4, we usually set at least two homework activities each week: typically, one literacy and one numeracy.

In Years 5 and 6, children may have two or three pieces of home learning each week. The amount begins to increase to prepare children for SATs and the transition to secondary school. These activities might include Maths worksheets, researching a topic, book reviews and grammar exercises.

- All work is revision of things they have already done or accessed in school.
- Parents are not expected to *teach*, just supervise and help if needed.

It is really important that all of our children complete their home learning. It is good for them to learn the importance of learning beyond the classroom, and it also prepares them for later in their school career, at High School. Good habits start early.

If you have problems with your child's home learning please speak to the teacher who will help in any way that they can.

## Class Two - Geography in Carnforth

Class Two had a great time in Carnforth on their Geography Trip. They explored the town, looked at the shops and buildings and compared it to what is available in Warton. After, a lot of walking they stopped for a well deserved drink on the way back.

## Values and Assemblies

**Our Assembly value this term is Justice**

### JUSTICE IS...

- Judging what is right
- Understanding what is fair
- Standing up for those who need help
- Trying to listen to both sides
- Informed and wise decisions
- Caring enough to take action
- Equal opportunities for all

### How Can We Prevent Bubbles, Isolations and Closures?

If we all work together we can make sure that Coronavirus stays out of school and everyone can remain in class, working and learning. In school, we are encouraging hand washing, keeping our germs to ourselves and telling adults if we are feeling unwell. If you have any suspicion that your child or anyone at home may have Coronavirus, please monitor them and get a test. Children without symptoms do not need to self isolate if someone at home or in their class is positive. If they do show symptoms - please get them tested as soon as possible. Let us know what is happening and we will do what we can to support you.
