Friday 10: Christmas Fair

Wednesday 15: Class 4 go to Panto

Thursday 16: Christmas Dinner and Jumper Day

Friday 17: Break Up for Christmas

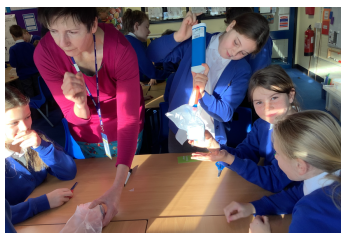

January

Class 2,3,4 Parents Eve - Dates to follow

SUPER SCIENCE WEEK

This week it has been our very exciting **Super Science Week**. All week the children have been focused on Science in their lessons. We learnt about the importance of **STEM** subjects (**S**cience, **T**echnology, **E**ngineering and **M**aths) and looked at how we use these skills in every thing we do.

Class 3 and 4 had a visit from Dr Wise from Lanacster Uni and worked on solving real life STEM problems.

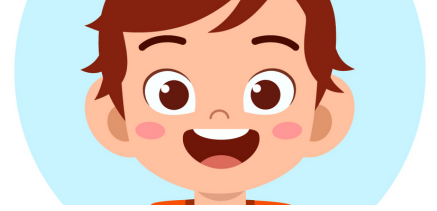

As part of the week, children have been set the challenge of making their Science in a Box exhibit. They brought their boxes in and we held an exhibition. What amazing work and what a lot of science learning. On Friday, we dressed like a scientist.

Here are some photos - go to the [GALLERY](#) or [CLASSES](#) buttons at the top of the website to see lots of photos and videos of our brilliant week.

DRESS LIKE A SCIENTIST DAY

Volunteers are still needed for the Christmas fair so please complete your form if you can help. Raffle tickets are coming in the next week and next Friday is a special own clothes day - Bring a Bottle in for the Bottle Tombola. Thanks from the PTA.

Children in Need 2021

Last Week's efforts for **Children in Need day** - were shown on **North West Tonight**. We all came to school in our PJ's or PE kit, paid a pound and took part in Joe Wick's special Workout to test our minds and bodies.

WE RAISED £115 FOR PUDSEY

Merry Xmas

Archbishop Hutton's Primary School

Values and Assemblies

Our Assembly value this term is Justice

JUSTICE IS...

- Judging what is right
- Understanding what is fair
- Standing up for those who need help
- Trying to listen to both sides
- Informed and wise decisions
- Caring enough to take action
- Equal opportunities for all

IMPORTANT COVID INFORMATION

Coronavirus is still around and we have to be careful to keep it under control and away from school. Even though we have not had a full scale outbreak in school this year, there have been isolated cases where parents have reacted quickly, kept children off school, tested and isolated appropriately. As a school, we are all grateful for that.

At the moment there are a quite a few cases in our school community. Please be careful if your child has any symptoms. Please keep an eye out for emails from school.

How Can We Prevent Bubbles, Isolations and Closures? If we all work together we can make sure that Coronavirus stays out of school and everyone can remain in class, working and learning. In school, we are encouraging hand washing, keeping our germs to ourselves and telling adults if we are feeling unwell. If you have any suspicion that your child or anyone at home may have Coronavirus, please monitor them and get a test. Children without symptoms do not need to self isolate if someone at home or in their class is positive. If they do show symptoms - please get them tested as soon as possible. Let us know what is happening and we will do what we can to support you.
