## SPONSORED SUPER SPORTS DAY

Thanks for your generosity in sponsoring the children to complete their sponsored sports event this week. Everyone had a very active and fun time star jumping, beep testing and skipping. Can we ask that the rest of the sponsor money is collected by the first week of the next 1/2 term. Thanks again - this will really help us update our outdoor resources.

## KEEPING US SAFE

As you know, we have had quite a few children off with Covid19 this week. Here is our current guidance:

- Parents of children who are classed as medically vulnerable or who live in a household with an immunosuppressed adult are encouraged to contact their GP to discuss/arrange vaccination.
- If your child has Covid symptoms, however mild, keep them home and inform school; LFT (Lateral Flow) test. If positive they should self isolate.
- Keep school informed if your child tests positive on a LFD or PCR test
- If your child is a close contact with a positive Covid case they must test negative on a LFD test each day before attending school.

**Thank you for your part in keeping everyone safe.**

# MAMBO DRUMMING

*Mambo*

What a fabulous morning we had on Wednesday 9th February when we were visited by Brian Costello, the drumming man. Each class were introduced to the traditional instruments used in Samba and Mambo music. They explored how the instruments worked, what each sound added to the structure of the music and how the rhythm made us feel when we listened and played. Everyone had a chance to perform as part of a group and try out the different instruments. A great opportunity to explore musical performance.

## Class 1 - Church Visit

Class One have been working really hard on their RE this term. They have been studying churches and learning all about what happens in church.

Last week, they drew St Oswald's church and created some beautiful watercolour paintings. They also made their own church models out of blocks and labeled the different features.

This week, Mrs Barclay took them to St Oswalds for a look around. They used an i-spy sheet to identify the features they had learnt about in class. When they returned, they made their own stained glass windows. Great work Class One.

## Class 3 - Roman Visit

Class Three had an exciting and informative day out in Lancaster learning about life in Roman Britain. They visited the museum and met a Roman soldier, learning how they lived and exploring artefacts from the time. After the session, Mrs Gavriluk was told that the children were wonderfully behaved throughout and were very knowledgeable about what they have learnt.

## Class 4 - Home Learning

Class Four have just completed their work on the Stone Age.

Sarah Walls and Harry Shanks made these superb models of Stone Henge as part of their home learning.

What fabulous work!
